WHO WE ARE

CREW-Miami is dedicated to furthering the success of its members by providing opportunities to do business together. CREW-Miami is unique in that it brings together professionals from over forty disciplines within the real estate community: brokers, attorneys, lenders, developers, architects, property managers, appraisers, designers, contractors, engineers and others, who take part in successful industry deals. Our association not only provides a business development network at the local and national levels but relevant education as well.

CREW-Miami sponsorships provide networking opportunities as well as significant corporate recognition and exposure among industry leaders in the South Florida business community as well as through the chapter's national affiliation with CREW Network.
